GAME TIME

1. Form two groups!
2. We're going to play seti bai (1up).
3. Each person counts off a number in Kristang, going around the circle.
4. All numbers that have a 1 as one of the digits, or are multiples of 1, are replaced by the word bai.
5. If you get a number wrong, you have to eat a sweet!
6. Once you reach 39, restart.

Yo X anu.

Kantu anu bos teng?

Yo teng X anu.

GAME TIME

1. Form four groups!
2. We're going to play anu dretu (The Age is Right)!
3. Each turn, I'll show you a (famous-ish) person. In ten seconds, you need to tell me how old your group thinks the person is.
4. Shout out your group's ANSWER when time is up.
5. The team who's closest to the person's ACTUAL AGE wins!

GAME TIME

1. Form eight groups!
2. Each round, send one person up to the board.
I'll give an addition or subtraction problem.
3. The first person to solve the problem and say the answer out loud gets the point!

Eli teng 30 dolar.

GAME TIME

1. Form four groups again!
2. Everybody gets \$100 (in play money).
3. We're going to have an auction!
4. Each item on auction has a certain number of food or culture points attached to it (which you find out after you've successfully bid for the item).
5. The team with the highest food points and the team with the highest culture points win!

GAME TIME

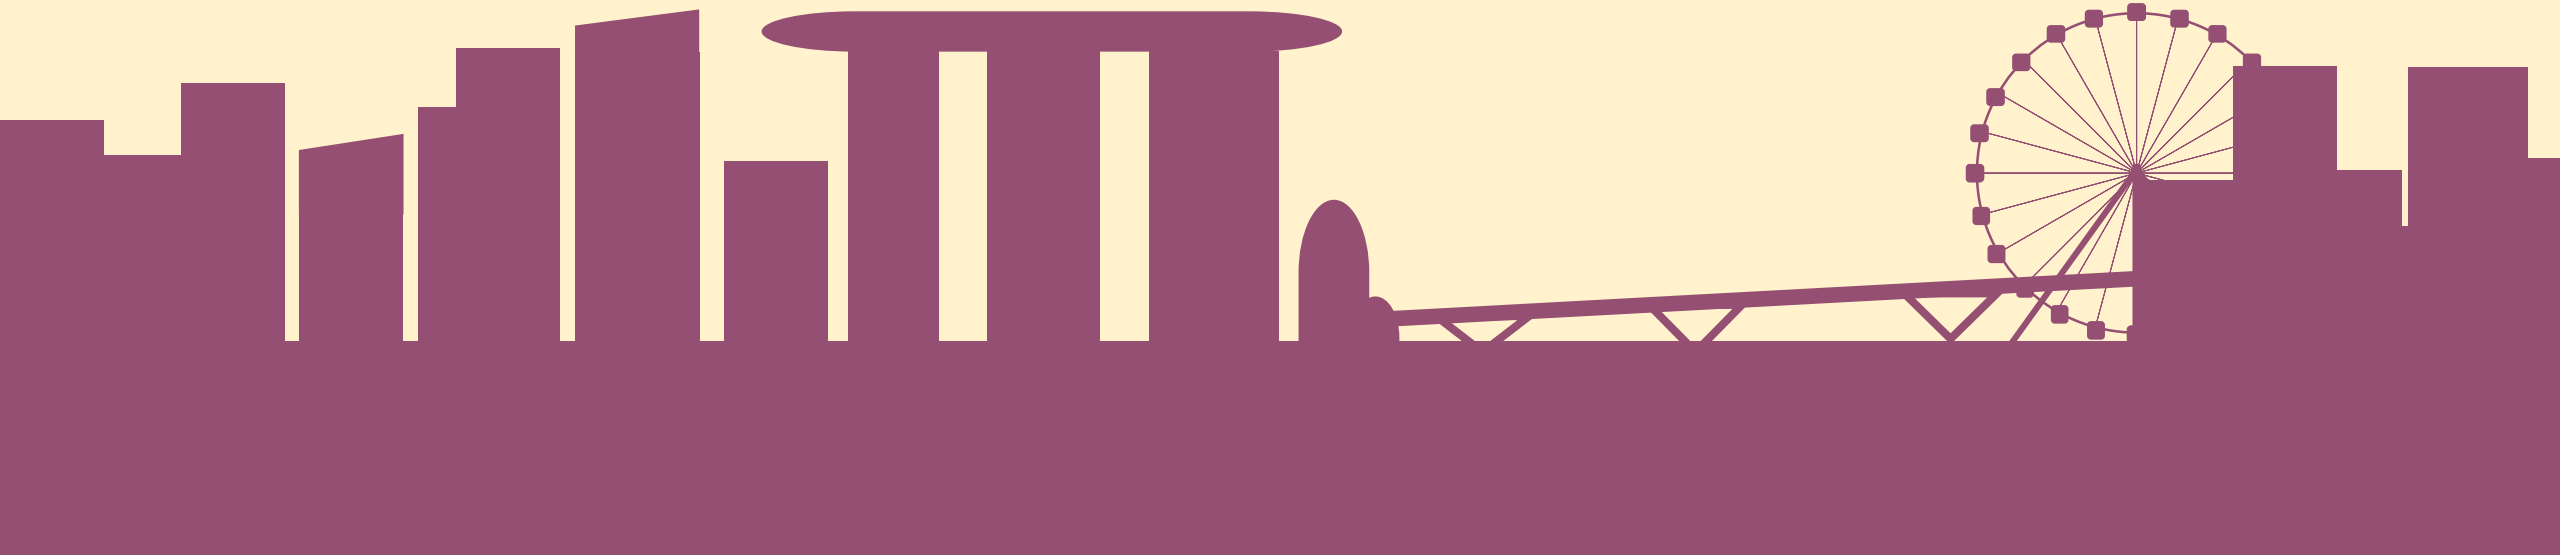

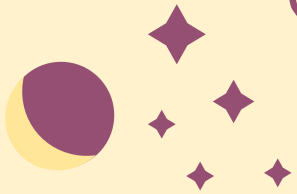

- b. Unfortunately, the curator only accepts calls made in Kristang.

Kabakatra

A) One sentence using a number from 40-100!

B) One sentence using an object from the auction.

C) All the things that were difficult for you today.
